

TIANMA

TO CREATE
COLORFUL LIFE

To reinforce our European Industrial Marketing Team based in Duesseldorf we are looking for a highly motivated

MARKETING ENGINEER (F/M/D)

As a valuable member of the Industrial Marketing team, you will provide technical and commercial support to our customer and distributor with a profound knowledge of technical processes and market requirements paired with a positive attitude and high engagement.

JOB CONTENT

- Provide technical and commercial support to our customers and distributors for LCD and PCAP (touch) devices
- Product and project management from product development and introduction and design-in to post-sales
- Develop and maintain strong relationships with the engineering organizations of customers and distributors
- Contribute to the preparation of engineering drawings, specifications and schedules, and contract modifications to ensure that customers technical requirements are met
- Market and competition analysis and definition of new products and market strategies
- Close cooperation with our sales colleagues in Europe and our headquarters in China

WE OFFER

- In addition to an attractive salary we offer variable incentive bonuses as well as non-monetary benefits
- Flexible working time
- 30 days' of holiday and special paid leave
- An international, professional and dynamic team
- Excellent Healthcare Benefits and Team events
- Advanced Training program

Real customer success happens because you care. You are passionate about engaging your customers and understanding their needs. You have impeccable relational skills and can create win-win environments for all parties you work with. If this sounds good to you, then please forward your application incl. salary expectation and your earliest possible start date by email to: recruiting@tianma.eu.
